

# DuPont™ Riston® Dry Film Photoresist

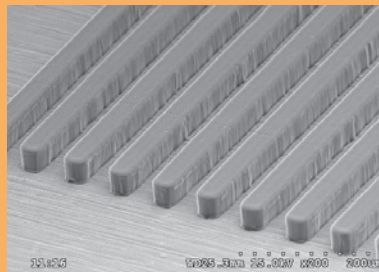

## RISTON® PLATEMASTER 300 SERIES DRY FILM

**NEW**

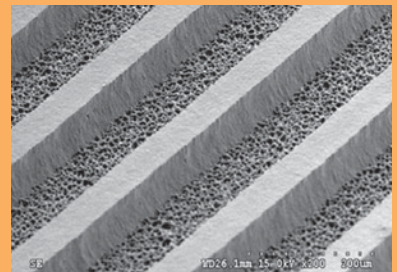

### Riston® PM300 – Leading Edge Film Designed for Fine Feature Imaging

- High Resolution for Precise Imaging of Complex Circuits
- Excellent Adhesion, Conformation & Chemical Resistance for Fine Line Plating Application
- Excellent Tenting Capability
- Clean & Easy Stripping for Higher Yields
- Incorporates Riston® Clean Developer Technology

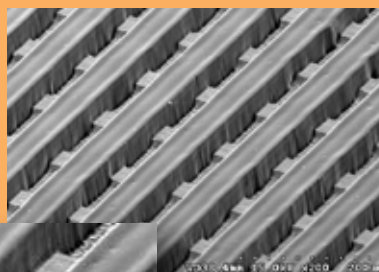

PM340, 35µm Resolution Capability

PM340, 50µm Trace

PM340, 35µm L/S  
Excellent Conformation  
on 10µm of Copper Bump

PM300  
Easy Stripping for Higher Yield with  
1~3mm of Stripping Flake Size

*The miracles of science™*
